Technological intelligence to secure and perform.
Your end-to-end digital infrastructures.

OUR ICT & SECURITY OFFERING

MAISSANE HOLDING, through its Information and Communication Technology (ICT) and Security & Video Surveillance Departments, offers comprehensive technological and security solutions, designed to meet the requirements of businesses, institutions, industries, and large-scale projects.

Our offering is based on an integrated approach combining cutting-edge technology, operational reliability, and advanced security, in order to effectively support digital transformation, infrastructure protection, and the optimization of organizational performance.

Beyond the simple supply of equipment, we ensure the provision, integration, installation, and maintenance of certified solutions, compliant with international standards, with professional support focused on performance, sustainability, and efficiency.

01

PROFESSIONAL IT EQUIPMENT

PERFORMANCE, RELIABILITY AND PRODUCTIVITY

MAISSANE HOLDING provides IT equipment tailored to the needs of businesses, institutions, and organizations.

COMPUTERS & IT EQUIPMENT

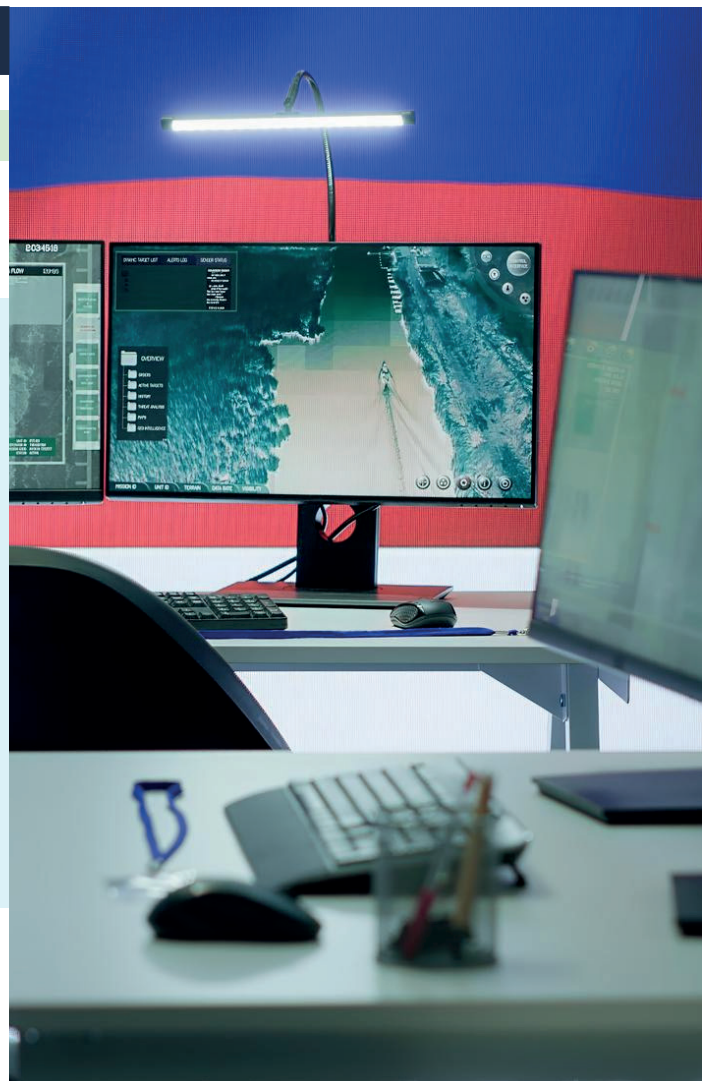

- Professional laptops
- Desktop computers
- High-performance workstations
- Professional mini PCs
- Professional tablets

PERIPHERALS & OFFICE EQUIPMENT

- Laser and multifunction printers
- Professional scanners
- Photocopiers
- Professional screens & monitors
- Keyboards, mice, and IT accessories

OBJECTIVES

Our equipment is selected for its durability, performance, and compatibility with demanding professional environments.

02

SERVERS, STORAGE & CLOUD SOLUTIONS

SECURE AND SCALABLE DIGITAL INFRASTRUCTURE

SERVERS & DATA MANAGEMENT

- Data and application servers
- Virtualized servers
- Storage arrays (NAS/SAN)
- Backup and archiving solutions

CLOUD SOLUTIONS

- Private cloud
- Hybrid cloud
- Secure public cloud
- Hosting of platforms and business applications

OBJECTIVES

Ensure continuity of operations, data security, and the performance of information systems.

03

NETWORKS & TELECOMMUNICATIONS

SMART CONNECTIVITY AND UNIFIED COMMUNICATION

NETWORK EQUIPMENT

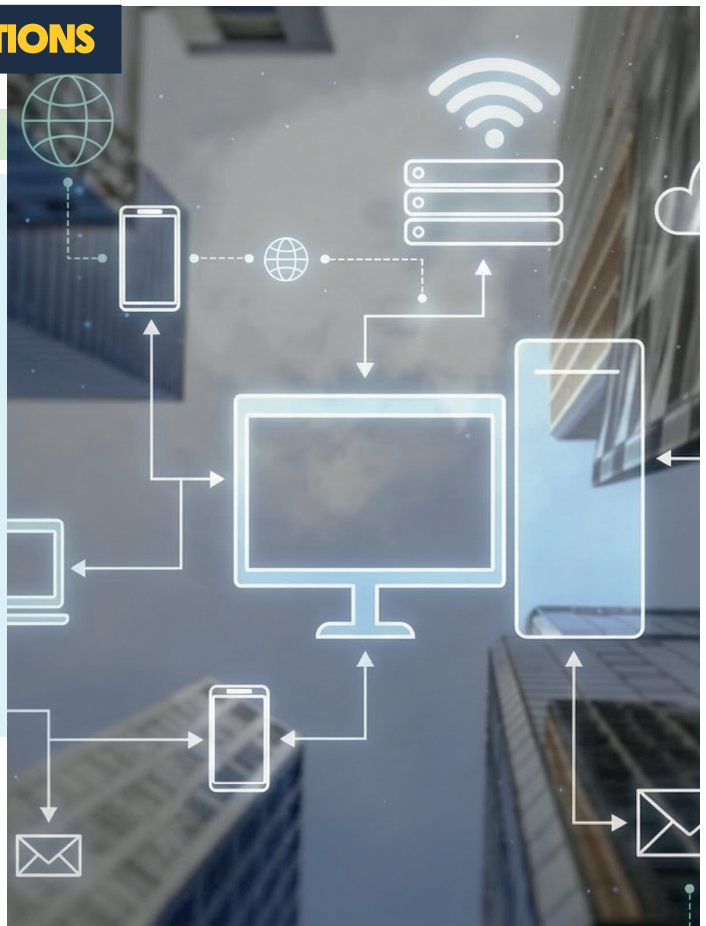

- Professional routers
- Managed and unmanaged switches
- Professional Wi-Fi access points
- Structured network cabling
- Optical fiber & network infrastructure

TELECOMMUNICATIONS & UNIFIED COMMUNICATION

- IP Telephony (IP Phone)
- IPBX/PBX
- Video conferencing solutions
- Collaborative communication systems

OBJECTIVES

Our network solutions guarantee stable, fast, and secure connectivity for all types of organizations.

04

CYBERSECURITY & SYSTEM PROTECTION

ADVANCED DIGITAL SECURITY

MAISSANE HOLDING offers comprehensive cybersecurity solutions to protect IT infrastructures and sensitive data.

- Professional firewalls
- Enterprise antivirus and anti-malware
- Secure VPN solutions
- IDS/IPS systems
- Data encryption solutions
- Multi-factor authentication
- Security auditing and monitoring

OBJECTIVES

Protect information systems against cyber threats and ensure data confidentiality.

05

VIDEO SURVEILLANCE & CCTV

SMART SURVEILLANCE AND CONTINUOUS PROTECTION

We offer video surveillance solutions tailored for professional, industrial, and residential sites.

SURVEILLANCE CAMERAS

- Analog, HD, IP, and 4K cameras
- Infrared and night vision cameras
- Dome, bullet, and PTZ cameras
- Smart cameras with AI detection

RECORDING SYSTEMS

- DVR (Digital Video Recorder)
- NVR (Network Video Recorder)
- Secure video storage
- Remote access via mobile and cloud

OBJECTIVES

Our systems provide real-time monitoring, smart analysis, and complete event traceability.

06

ALARM & DETECTION SYSTEMS

INTRUSION PREVENTION AND RISK MANAGEMENT

- Professional anti-intrusion alarms
- Motion detectors
- Perimeter sensors
- Fire protection systems
- Sirens and smart alarm control panels
- Integration with video surveillance and access control

OBJECTIVES

These solutions ensure rapid detection and an immediate response in the event of an incident.

07

ACCESS CONTROL & BIOMETRICS

SECURE MANAGEMENT OF ACCESS AND HUMAN FLOWS

- Badge and access card readers
- Biometric systems (fingerprint, facial recognition)
- Security turnstiles
- Smart electronic locks
- Access management software

OBJECTIVES

Control, track, and secure all access to sensitive sites.

08

PERIMETER SECURITY & PHYSICAL PROTECTION

FIRST LINE OF DEFENSE AGAINST INTRUSION

- Traditional galvanized barbed wire
- Razor wire
- Concertina / security spiral
- Reinforced fencing
- Secure gates
- Hybrid systems (barbed wire + cameras + detectors)

OBJECTIVES

Ideal for industrial sites, warehouses, mines, construction sites, and sensitive areas.

ENERGY CONTINUITY AND EQUIPMENT PROTECTION

- Uninterruptible Power Supplies (UPS)
- Voltage stabilizers
- Backup batteries
- Solar solutions for ICT and security systems
- Surge protection

OBJECTIVES

These equipment guarantee the continuity of operations and the protection of technological infrastructures.

SECTORS OF APPLICATION

Our products are aimed at several strategic sectors:

Corporate and headquarters

Industrial and mining sites

Warehouses and logistics hubs

Public institutions and local authorities

NGOs and development projects

Banks and financial institutions

Residences, villas, and private estates

Construction sites and temporary sites

OUR PRODUCT COMMITMENTS

MAISSANE HOLDING is committed to providing:

Certified equipment compliant with international standards

Reliable, durable, and high-performance products

Professional and secure installation

Continuous technical maintenance

Tailor-made support according to client needs

WHY CHOOSE
MAISSANE HOLDING

Provider of comprehensive technological solutions

High-quality ICT and security products

Multidisciplinary technical expertise

Turnkey solutions (supply, installation, maintenance)

Local roots with an international vision

Reliability, innovation, and operational excellence

SMART INFRASTRUCTURES. ABSOLUTE DATA SECURITY.
